

SKHB Construction

Building Restaurants Worth Returning To

London's specialist restaurant construction company. We handle every aspect of your build under one roof — from initial consultation through to final handover. One team, one quote, one standard.

Who We Are

Specialist restaurant builders with 20+ years of experience

SKHB Construction Ltd is a London-based construction company that specialises exclusively in restaurants and hospitality spaces. Founded by Sununu, we are a hands-on team of specialist tradespeople — electricians, plumbers, tilers, carpenters, painters, and metalworkers — who work together on every project.

We understand that every day your restaurant is closed is revenue lost. That is why we plan meticulously, work efficiently, and deliver on the dates we commit to. Our goal is simple: get you open and trading as quickly as possible, with a space that exceeds your expectations.

20+

YEARS EXPERIENCE

15+

RESTAURANT PROJECTS

100%

IN-HOUSE TEAM

What We Stand For

Craftsmanship Every detail finished to the highest standard. We take pride in work that lasts and looks exceptional years after handover.	Transparency Honest pricing with no hidden costs. You receive a detailed, fixed quote covering every element of the build before work begins.
Reliability On time, on budget, every time. We plan meticulously and communicate clearly throughout every stage of the project.	One Team Every person on your site is part of our team, trained to our standards. One project manager, one point of contact, one standard.

Our Services

End-to-end construction for restaurants, bars, and hospitality venues

Full Restaurant Builds

Shell-to-finish construction for new restaurant openings. Structural work, M&E, fit-out, and finishing — all under one roof. We build to get you trading.

Kitchen Fit-Outs

Commercial kitchen installations designed for efficiency and compliance. Extraction, gas, plumbing, electrical, tiling, and equipment positioning.

Renovations & Refurbishments

Refresh your venue without a full closure. We plan around your trading hours to minimise downtime and protect your revenue.

Bar Construction

Custom bar builds from concept to completion. Bespoke joinery, metalwork, refrigeration, lighting, and plumbing.

Bespoke Joinery & Furniture

Custom tables, banquettes, shelving, and cabinetry built to your exact specifications. Designed to last in high-traffic environments.

Ongoing Maintenance

Reactive and planned maintenance to keep your venue in peak condition. Preventing small issues from becoming costly closures.

ALL TRADES IN-HOUSE

Electrics • Plumbing • Tiling • Carpentry • Painting & Decorating • Metalwork • Bespoke Joinery • Custom Furniture • Upholstery • Plastering • Flooring

3D

LiDAR Scanning & 3D Design

We work with Hallgrave to capture millimetre-accurate 3D scans of your space before construction begins. Combined with our in-house 3D modelling, this means fewer surprises, precise cost estimates, and a finished build that matches the design exactly.

Selected Projects

A selection of restaurant and hospitality projects delivered across London

01

Kudu Grill

119 QUEEN'S ROAD, PECKHAM, SE15 2EZ

Full restaurant build — commercial kitchen, bespoke joinery, custom metalwork, ambient lighting, tiling, plumbing, electrics. South African-inspired dining. Design by A-NRD.

02

Little Kudu

QUEEN'S ROAD, PECKHAM, SE15

Wine bar and restaurant — custom wine wall, bespoke planters, outdoor terrace build, full interior fit-out. Design by A-NRD.

03

Lisboeta

30 CHARLOTTE STREET, FITZROVIA, W1T 2NG

Portuguese restaurant by Nuno Mendes — private dining rooms, wine cellar construction, bespoke wine bar shelving. Design by A-NRD.

04

Casa do Frango

32 SOUTHWARK STREET, LONDON BRIDGE, SE1 1TU

Portuguese-Algarvian restaurant — bar construction, main dining floor, kitchen fit-out, tiling, bespoke furniture. Design by A-NRD.

05

Reverend J W Simpson

32 GOODGE STREET, FITZROVIA, W1T 2QJ

Cocktail bar and restaurant — copper-fronted bar, speakeasy basement build, industrial interior, custom metalwork, lighting.

06

Fonda

12 HEDDON STREET, MAYFAIR, W1B 4BZ

Mexican restaurant — custom tables, banquette seating, checkerboard tiling, terracotta flooring, full interior fit-out. Design by A-NRD.

How We Work

A clear, structured process from first meeting to final handover

<h2>01</h2> <h3>Consultation</h3> <p>We visit your site, listen to your vision, review drawings and plans, and understand your budget and timeline. Free, no-obligation site visit.</p>	<h2>02</h2> <h3>Planning & Quotation</h3> <p>We produce a detailed, transparent quote covering every element. Fixed price, no hidden costs. We plan the programme of works to minimise your downtime.</p>
<h2>03</h2> <h3>Build</h3> <p>Our in-house team delivers every trade on site. One project manager, daily updates, and a relentless focus on quality and timeline.</p>	<h2>04</h2> <h3>Handover & Aftercare</h3> <p>Final walkthrough, snagging, and sign-off. We do not leave until you are completely satisfied. Ongoing maintenance available.</p>
