## Who We Are

SKHB Construction Ltd is a London-based construction company that specialises exclusively in restaurants and hospitality spaces. Founded by Sununu, we are a hands-on team of specialist tradespeople — electricians, plumbers, tilers, carpenters, painters, and metalworkers — who work together on every project.

We do not use subcontractors. Every person on your site is part of our team, trained to our standards, and accountable to one project manager. This means better communication, fewer delays, and a consistent level of finish throughout your venue.

We understand that every day your restaurant is closed is revenue lost. That is why we plan meticulously, work efficiently, and deliver on the dates we commit to. Our goal is simple: get you open and trading as quickly as possible, with a space that exceeds your expectations.

## What We Stand For

### Craftsmanship

Every detail finished to the highest standard

### Transparency

Honest pricing with no hidden costs

### Reliability

On time, on budget, every time

### One Team

No subcontractors, no excuses

# Our Services

We offer a complete, end-to-end construction service for restaurants, bars, and hospitality venues across London. Every trade is handled in-house.

## Full Restaurant Builds

Shell-to-finish construction for new restaurant openings. Structural work, M&E, fit-out, and finishing — all under one roof. Every day of delay is revenue lost, so we build to get you trading.

## Kitchen Fit-Outs

Commercial kitchen installations designed for efficiency and compliance. Extraction, gas, plumbing, electrical, tiling, and equipment positioning.

## Renovations & Refurbishments

Refresh your venue without a full closure. We plan around your trading hours to minimise downtime and protect your revenue.

## Bar Construction

Custom bar builds from concept to completion. Bespoke joinery, metalwork, refrigeration, lighting, and plumbing.

## Bespoke Joinery & Furniture

Custom tables, banquets, shelving, and cabinetry built to your exact specifications. Designed to last in high-traffic hospitality environments.

## Ongoing Maintenance

Reactive and planned maintenance to keep your venue in peak condition. Preventing small issues from becoming costly closures.

## Specialist Trades — All In-House

Electrics • Plumbing • Tiling • Carpentry • Painting & Decorating • Metalwork • Bespoke Joinery • Custom Furniture • Upholstery • Plastering • Flooring

## How We Work

---

Every project follows a clear, structured process. No surprises, no guesswork.

### 01 Consultation

We visit your site, listen to your vision, review drawings and plans, and understand your budget and timeline. Free, no-obligation site visit.

### 02 Planning & Quotation

We produce a detailed, transparent quote covering every element of the build. Fixed price, no hidden costs. We plan the programme of works to minimise your downtime.

### 03 Build

Our in-house team delivers every trade on site — electrics, plumbing, tiling, joinery, painting, metalwork. One project manager, daily updates, and a relentless focus on quality and timeline.

### 04 Handover & Aftercare

Final walkthrough, snagging, and sign-off. We do not leave until you are completely satisfied. Ongoing maintenance available to keep your venue in top condition.
